

WAC 230-30-097 Standards -- Approved pull-tab dispensing devices. Operators may utilize approved pull-tab dispensing devices provided that each device meets the following standards:

(1) Devices must be manufactured by a commission licensed manufacturer.

(2) Devices shall conspicuously display a stamp, seal, or label identifying its manufacturer and the city and state of its manufacture.

(3) Devices shall have the manufacturer's serial number for that device stamped or embossed into its case.

(4) Devices manufactured specifically for the dispensing of perforated window type pull-tabs shall meet the following standards:

(a) Be constructed so that consumers can clearly see each pull-tab within the device, except that area at the bottom of the device, not to exceed one inch in height, covered for security or mechanical reasons, and have permanent lines or markings which divide the pull-tabs remaining in the device into divisions of approximately twenty-five tabs so that the consumer can determine how many tabs remain within the device; or

(b) Have a resettable counter visible to the customer indicating the number of pull-tabs left in the device.

(5) Devices manufactured specifically for the dispensing of "jar" or "banded" type pull-tabs shall meet the following standards:

(a) Be constructed so that consumers can clearly see all jar tickets or jar ticket bundles within the device; or

(b) Have a resettable counter visible to the consumer indicating the number of jar tickets left in the device.

~~(6)~~ (6) Devices including electronic media components manufactured specifically for the dispensing of pull-tab manufactured at the point of sale shall meet the following standards:

(a) be constructed so that consumers and operators can determine how many tabs remain unsold;

(b) be constructed so that all protections required by the Commission for randomization, control of access, prevention of tampering, encryption, key codes and auditing are secure and verifiable. (7) Devices utilizing bill acceptors or similar devices that do not return change shall clearly disclose that fact to the consumer.
